

LE ROSEY

SPORT STAGIAIRE 2020-21

FOR INSTITUT LE ROSEY IN ROLLE/GSTAAD, SWITZERLAND

What distinguishes Rosey from most schools is the freedom of choice we benefit from. We have the incredible chance of being able to choose from a myriad of opportunities that enables us to explore new areas or expand our interests. This freedom is very important because it is through our choices that we shape our own character. Le Rosey gives us the means to gather together the pieces of our personality but also to find the missing ones, and this is what makes it a “school for life”.

At Le Rosey we are not only individuals but also part of a whole and we learn how to live as a whole. The interaction between the students is encouraged by the multitude of possibilities for extracurricular activities. Our international, cultural or religious backgrounds do not interfere in our close relationships and friendships. Thus I would say that Le Rosey is the micro-type of an ideal society.

Borianna, Ancienne, Stanford Graduate

Le Rosey, founded in 1880, has not become one of the most prestigious schools in Europe only because of its former students, many of whom made their mark on the last century. Le Rosey is above all a school with something magical about it where its pupils learn to become future academics, polyglot citizens of the world, bearers of ethical values, all-round athletes, and cultivated men and women of the twenty-first century – active, accomplished and sure of themselves.

Le Rosey, based on solid traditions, dares to innovate, offering an up-to-date, modern education. It has often been emulated in the realm of language learning, bilingual education, the development of all the intelligences, the integration of sport and the arts into the daily timetable, the motivation of pupils by a system of privileges, the promotion of open-mindedness with respect to other cultures and religions – which co-exist harmoniously at Le Rosey thanks to its strict adherence to nationality quotas.

Thousands of former Roseans throughout the world bear witness to the vitality of a school which offers a unique education for the leaders of tomorrow.

"An inspirational experience to learn more about teaching sport in international education. I would have never imagined that there were so many possibilities to demonstrate my ideas and put them into practice." Martin, Sport Stagiaire 2017-19

"I have thoroughly enjoyed my time at Le Rosey and the role of sport stagiaire allowed me to combine my passion for sport with work. I was also fortunate to work in the boarding house which is great fun and allows you to develop a greater rapport with students. A highlight of mine was moving up to Gstaad for winter term - you just can't beat 9 weeks of skiing. Gstaad also provides an enjoyable change in routine and is a truly memorable term." Nikki, Sport Stagiaire 2018-19
