SPONSORSHIP

“A Roséen in Rolle, a Roséen in Bamako”

At Rosey-Abantara the modest tuition fees of about 300 euros per annum cover the school’s salaries and running costs. This is still too high a price for many families: for three years, therefore, we have been taking promising but needy students out of the public system, where they are squashed into classes of 80 to 100 pupils, and have instead offered them a scholarship for Rosey-Abantara where the conditions are much more favourable for education. Such a dream can become a reality for 400 students if every Roséen provides scholarship support for one child at Rosey-Abantara in Bamako.

To do this we propose that each family **make a gift of 1% of Le Rosey tuition fees, in other words, 950 CHF per annum, to cover one year’s schooling at Rosey-Abantara**, as well as transport costs, meals, books and school uniform.

A heartfelt thank you for your participation in this project.

This applies only to the families that have not yet supported this project.

I would like to support Le Rosey’s project, “One child at Rosey and one child at Rosey-Abantara” and authorize the sum of CHF 950.- to be debited from my Rosey account once per year. **(Automatically renewed)**
